

LORD OF THE RINGS RAP

By Dominic Frisby

MAIN VOICE	REPLIES
So we're in this place called Middle Earth That's the thing you need to know first	
It's like a mediaeval land with lots of steam There are wizards, and elves, and magic and steams	(It looks like New Zealand to me)
As we tell the story of the lord of the rings About a ring that is evil and can do many things	Like, turn you invisible and that
It ain't a ring that is exactly bling But it is powerful, evil and ting and ting	
And it got lost back in time way back when But now it has resurfaced again	(in a battle between some bearded white geezas)
Found by Smeagol, then Bilbo now it's with Frodo Pretty weird names, WEIRD NAMES, I know though?	(WEIRD NAMES)
And the future of the world depends on it (well, not the world but Middle Earth)	
This wicked guy called Gandalf can do magic puff POOF And he's got special powers and loads over stuff	You're telling me poof Ian McKellern him a big batty man
There's Sam Frodo's mate who helps with the quest But he's too lame to give that a girl a good press	He likes hobbits Frod is some lame batty man 'n'all
Gandalf ain't no faggot he is well book He know's it's the ring when he takes a good look	
The ring has been forged by Sauron the Dark Lord And Frodo has to take it back to Mt Doom where it was forged	
Mt Doom is in Mordor a place full of evil and grime It's found at the end of the Northern Line	
It's full of junkies and orks It's like Brixton on crack	

But Frodo and his mates are going to take the ring back

But they call it mordor not mordor that's it
Man dat some pompous actory shit

The 9 black riders set out to get the lad
Also known as Nazghul dese guys is well bad

Frodo's in trouble with the nine black riders
But they gety mullered by a geeza known as Strider

Aragorn's his real name, and he's all right
A useful guy to know if you're in a sword fight

So they set up a posse with an elf and a dwarf
That bloke off Sharpe and two more

The Elvish women in the film are all a bit weird
Shame cos they'd be fit if they sorted out the ears

The weather's so cold so they go underground
That's when a dwarvish history gets found

Pippin gets bored and drops a skull down this well
Sting starts to shine cos Pippin's unleashed hell

Looking like a bouncer from any London nightclub
That mamma there's a cave troll a proper monstrous thug

Next on the bill's a vicious balrog man
A bad evil from the depths that looks like Russell Brand

You know that it's going to whip their arse
Till Gandalf says

Then things start to go tits up

First Gandalf cops it you can't believe it but he goes
Dragged from the cliffs to the depths below

Then it's Sean bean as Boromir who says goodbye
Battered by these rude boys called the Uruk Hai

Elrond ... im a big batty man too. You've seen Priscilla Queen Of The Desert

But he was okay in The Matrix though

For a white guy

The dwarf is from Scotland

Lord Of The Rings Lord of the Batty Boys

Then

Sam and Frodo set off to make it by themselves
Followed by Gollum who is something else

He's a scrawny bloke with these tiny cacks on
In a funny kind of way he looks like Michael
Jackson

Once upon a time he carried the ring
But he should by now have got over the thing

Then Gandalf comes back all dressed in white
He killed the balrog and he's up for a fight

They still think he's grey cos his clothes are
drab
But no it looks like Gandalf uses Persil tabs

While mankind gathers at the refuge Helm's
Deep
Pippin and Merry get the help of the trees

Saruman makes a speech there's a bit of
suspense
Then the mother of all battles is set to
commence

The battle goes on for an hour or more
It's wicked at first but then you start to get bored

Against all the odds the good guys win
And the next book starts, the Return Of The
King

Aragorn you see is Isildur's heir
Sauron himself has better beware

Meanwhile Gollum's still under the ring's
crooked rule
I reckon he must have got bullied at school

And on the story goes more of the same
A few good lines then a battle again

The end gets all soppy and goes on too long
But the film is still wicked don't get me wrong

Sound the bells, a ring a ding ding
So let's just summarize this whole thing

PERSIL
Still a batty boy

Against the odds, it ain't against no odds
Against the odds with film is if the good guys
don't win

I'm telling you

First up is The Fellowship Of The Ring
Then The Two Towers then Return Of The King
That's three films that make The Lord Of The
Rings
Adapted from the book by J R Tolkien
